REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the claimed invention is directed to a structure of a housing for a wireless mouse. Independent claim 1 identifies the uniquely distinct features, "a slide block ... from said lower cover" recited in lines 4-16. The closest prior art, Sasselli et al. (US 6,411,281 B1) disclosing a related structure of a housing for a wireless mouse, having an upper housing (18), a lower housing (20), and a battery lid (26) engaged and connected with the upper housing by a latch (28), springs 32, nubs 34, and other means (see Figs. 1-3), either singularly or in combination, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lu (US 6,225,981 B1, see Figs. 3-5) and Lin (US 2005/0012718 A1, see Figs. 2, 3A and 3B) both disclose related structure of a housing for a wireless mouse.
